

## Walk to Tranum and return.

Walk east that means not towards Slettestrand but the other way.

You now walk at Bike rute 1 Vestkystruten. Pass the last Holiday house and the wood boom.

The road is very desolated and in a reserved area. There is rich possibilities to enjoy the nature and a lot of buckthorn.

Half way to Tranum pass Lerup Strandvej

Fortsæt på redningsvejen mod de første sommerhuse i Tranum

From last in September there is a lot of buckthorn berry red and orange.

Continue to the Holiday houses in Tranum

Continue left at the Redningsvej towards Tranum klit Feriecenter (a white center building)

The road ends blind but you can continue to the Tranum Hiliday centet on the small track.

Tranum klit Feriecenter

Parkingplace at Trandum Strand

Go to the beach and have a view to the east towards Ejstrup strand, Blokhus and Løkken strand

Some remains of an old German Bunker.

At Ejstrup Beach you can drive to the beach and all the way to Løkken.

Walk back towards West and Slettestrand at the beach

Pass Lerup creek.

The beach is very alike and never ending.

In the distance you can see Slettestrand and the point with Svinkløv

It can be hard to see the way up to the Holiday house Gimle.

The dune at the way to the holiday house can be recognized at the big open area.

But first of all it is important also to tell older children about the sign at the road E 43

At the top of the dune remember to have a view back towards the ocean and enjoy the view Again Again and Again.

You are now back and can enjoy a well deserved coffee break.

For coffee it is very common in this area to enjoy a Brunsviger ask at the bakery.
